

March 28 career fair features business and IT jobs
Lakeland sponsored job fair is free and open to the public

KIRTLAND, Ohio — A wide range of job opportunities will be available at the Lakeland Community College Business & IT Career Fair Tuesday, March 28, from 10 a.m. - 1 p.m. at the main campus, 7700 Clocktower Drive, Kirtland, 44094, in Building A, room A-2100. The event is free and open to the public.

Job seekers will have the chance to meet many employers face to face all in one day. Participants can submit resumes, speak with the recruiters about their companies, or simply obtain information about careers in business and information technology (IT).

Opportunities will include full-time and part-time jobs and internships in various business and IT occupational areas. Business positions available include: marketing, management, human resources, accounting, financial services, sales, customer service, and office administration. IT positions include support specialist, software developer, data analyst, CRM systems manager, Java web developer, network field engineer and more.

More than 30 companies are slated to attend including Sherwin Williams, Progressive, Dollar Bank, Speedway, Cardinal Commerce, Verizon, Litigation Management, Inc. DataServ, University Hospitals and more.

Employers say they are most impressed with career fair attendees who come prepared and:

- Dress like a professional who is ready to do business.
- Bring several resume copies.
- Research the companies to show conscientiousness and knowledge about the organization.
- Rehearse a one-minute "commercial" about your skills, experience and accomplishments that would benefit the company.

For directions, a list of attending employers, available positions, links to the companies' website and career fair success hints, visit careers.lakelandcc.edu or call 440-525-7222.
